

Language through Art (Intermediate/Advanced Level)

I will be offering a bilingual Fine Arts course in English language for grade 11 students, starting in August 2018.

Artistic work is not only to be seen in the national context, but always has an international dimension: art connects people across continents. The exploration of art from other cultures broadens the students' horizons.

In this course, we will use art objects to enhance your language skills, develop new vocabulary, and expose you to a variety of world cultures and experiences. We will be looking at: portraits, landscapes, photography, film, sculptures, installation art, important artists.

In addition, you will be given the opportunity to get to know art at extra-curricular learning venues (e.g. museums, exhibitions).

If interested, please send me a quick email: yilmaz@stadtgymnasium.net
